DIRECT METALS COMPANY, LLC ADDS NEW HARDWARE CLOTH WIRE MESH PRODUCT

Kennesaw, GA -- June 9, 2010 -- Direct Metals Company, LLC adds Hardware Cloth as a new product to compliment their wire mesh product line. It is a wire mesh that consists of either woven or welded wires in a square or rectangular grid that is available in plain steel, hot dipped galvanized, aluminum, stainless steel or PVC coated. It typically is used for outdoor applications. Some other common applications include pest control, chicken wire, fencing, filters, screens, guards and other industrial uses. Features of the hardware cloth product line include flexibility, solid construction, durability, economic price point, ease of installation and various mesh openings. The mesh openings range from 1/8" x 1/8" to 2" x 2" for the square openings and 1/2" x 1" to 2" x 4" for the rectangular openings. Hardware cloth comes in rolls ranging from 24" to 72" wide, 100 foot long and can be cut to fit your personal application.

Since 1996, Direct Metals has been a leader in the industrial metal, hard to find metals and fiberglass products while being owned and operated by a select group of metal experts with a combined 60 years of experience. They carry one of the largest inventories in the nation of perforated metal, bar grating, expanded metal, safety grating, fiberglass grating, handrail components, KeeKlamp®, BeamClamp™ and wire products. Direct Metals products are available in carbon steel, stainless, aluminum, fiberglass or galvanized.

Their processing capabilities include cutting, shearing, sawing, punching, cut-outs, drilling, welding, slitting, blanking, burning, fabrication and finishes. Direct Metals also provides expedient shipping with in-stock orders by noon shipping the same day. They have two locations, Atlanta, GA. (Corporate) and Chicago, IL. that serve customers in the United States and internationally.
