Case Study

Bar Grating

Location: Citadel Center in Chicago, Illinois

Material: 1,960 square feet of bar grating handrail inserts

Application: Bar grating handrail inserts for the center's new rooftop deck

- \$100 million-dollar upgrade for the 37-story tower located at 131 S. Dearborn St. on Chicago's East Side

- The bar grating from Direct Metals was a special manufactured press lock material that was custom cut and designed to give an aesthetic flair to this flagship building

- The building refresh included the rooftop deck, as well as a new fitness center, lounge, and 180-seat conference center
